## CONGRESS NO

Death of the Second Session of the Fifty-Third Body.

Few Members Present in Either House When the Gavels of the Presiding Officers Announced Its End.

NEW MINISTER JAPAN'S

Shinichiro Kurino Presents His Credentials to the President.

Speech by the Minister and Reply by Mr. Cleveland-The Supreme Court and Judge Parker's Decision.

WASHINGTON, Aug. 28 .- The last day of the second session of the Fifty-third Congress was attended by just a score of Senators and a large concourse of people, who packed the galleries to their fullest capacity. Most of those who were in the galleries were ladies. There were also very many visiting Knights of Pythias. The diplomatic gallery was the only one which was not occupied. Even the aisles of the galleries and the doorways swarmed with visitors. On the floor there was an air of relief at the approaching close of the session visible on the faces and in the demeanor of those who have been kept at their posts so long. Chaplain McCarthy, in a long prayer included not only the customary officers of the government, the President and Vice President and Senators, but even the Senate pages and the venerable Isaac Bassett in his appeal for grace. All political differences and party bickerings were laid aside for the time being, and those who a few weeks ago were hurling bitter anathemas at each other were to-day laughing and joking with each other in the friendliest possible manner.

A message was received from the House immediately after the reading of yesterday's journal, and then Mr. Ransom offered the customary resolution to notify the President that the two houses were ready to adjourn. The resolution was agreed to, and the Vice President appointed Mr. Ransom and Mr. Manderson a committee on the part of the Senate. No other business of any importance was transacted, and a recess was taken until 12:45 o'clock. At that hour the Vice President announced that the Senate was again in session. A message was received from the House

announcing the death of Representative George B. Shaw, of Wisconsin. In the absence of the two Wisconsin Senators, Mr. White offered the customary resolutions of regret, and the Vice President appointed Senators Mitcheli of Wisconsin, Cullom, Davis, Roach and Kyle to attend the funeral. At 12:55 a further recess was taken un-

hesolutions of thanks were tendered Vice President Stevenson and Senator Harris, President pro tem., and at 2 o'clock the Vice President declared the Senate adjourned without day. Death of the House.

WASHINGTON, Aug. 28.-The close of the second session of the lower house of the Fifty-third Congress, to-day, was the tamest in years. It was absolutely devoid. of interesting features. Although the galleries were crowded, there were not more than seventy-five of the 356 members on The usual committee was appointed to wait on the President and inform him that Congress was ready to adjourn. A resolution to print copies of a comparison of the new tariff bill with the Wilson bill and the McKinley law encountered the enmity of Mr. Johnson, of Ohio, who did not think the comparison (prepared under the direction of Senator Gorman) revealed all the facts, and a deadlock ensued, which forced a recess until just before 2 o'clock, when, after an unsuccessful attempt to pass several local bills by unanimous consent, the Speaker declared Congress adjourned sine die.

Indiana Congressmen.

Special to the Indianapolis Journal: WASHINGTON, Aug. 28.-Representatives Johnson, Waugh, Brown and Hammond have returned home. Messrs, Taylor, Bretz. McNagny will leave next Thursday, and Cooper, Conn, Brookshire and Martin on Friday. Mr. Holman will remain three weeks longer, and Mr. Bynum will not leave until he has completed the preparation of the Democratic campaign book. Senator Turpie will leave next Thursday for Indianapolis, but Mr. Voorhees will not go to Terre Haute for three weeks.

JUDGE PARKER'S DECISION.

Case of Great Interest to the Supreme Court Justices.

WASHINGTON, Aug. 28 .- Officers of the Supreme Court were interested to-day in the decision of Judge Parker yesterday in the Hudson case at Fort Smith, Ark. It was stated at the court that there is evidently some feeling existing in the matter, as the Supreme Court has recently overturned many of the decisions of Judge Parker. The order of Justice White granted a writ of error in the case of Hud-

son, who was convicted in Judge Parker's court, thus bringing the case before the Su reme Court of the United States for trial. This action was taken under the act of March 3, 1891, creating the Circuit Court of Appeals, which provides that criminal cases from certain districts (the one presided over by Judge Parker in-cluded) could be appealed directly to the Supreme Court. The Supreme Court then made a rule governing such cases, and it was under this rule that Justice White acted. The rule provides that an appeal or a writ of error under the act of March 3. 1891, may be allowed in term time or in vacation by any justice of the Supreme Court, and that in case of a conviction of an infamous crime the accused may be admitted to bail by the circuit or district judge of the court appealed from in such amount as may be fixed.

In the act establishing the United States Supreme Court Congress granted it the power to make such rules to govern its affairs as the court itself should deem desirable. It is held that the rules of the Subreme Court of the United States are equal to the law so far as they relate to courts over which the law gives the Supreme Court jurisdiction, as in the case of Hudson, Justice White fixed the amount of the bond at \$5,000. It had only to be approved by Judge Parker to become

SHINICHIRO KURINO.

The New Japanese Minister Present-

ed to President Cleveland. WASHINGTON, Aug. 28.-The new Japanese minister, Mr. Shinichiro Kurino, was presented to the President to-day. In view of the fact that the Minister arrived in

Washington only yesterday the presentation occurred with remarkable celerity, but this is accounted for by the desire of the new minister to present his credentials and be fully empowered to deal with the State Department before the President leaves Washington. The Minister and Mr. Miyoaka, the charge d'affaires of the Japanese legation, were brought into the presence of the President by Secretary Gresham, and, after his introduction, the Minister said:

"Mr. President-I have the honor to inform you that his Majesty, the Emperor of Japan, has appointed me to be his Envoy Extraordinary and Minister Plenipotentiary near the government of the United States. In graciously honoring me with this mission, his Imperial Majesty especially commanded me to express to you his wish for your continued health and happiness and for the prosperity and well-being of the great people whose interests are confided to your wise keeping. The promotion of the friendly relations which so happily exist between Japan and the United States has always been a matter of deep concern to his Imperial Majesty, and he has viewed with pleasure the steady growth of the importance and intimacy of the intercourse between the two nations. These sentiments of cordial friendship to the United States on the part of Imperial Majesty have also pervaded the minds of his people, so that in assuring you, Mr. President, of my desire to do what I can to draw even closer the bonds which unite our countries, while I obey the first and most important behest of my august sovereign, I likewise express purpose in the execution of which I shall have the earnest sympathy of my countrymen. The kind co-operation which you and the officers of your government have al-ways given to every effort to promote the cordiality and the mutual consideration which are such marked characteristics of the relations of our countries emboldens me to confidently believe that I can rely upon your aid in carrying out this purpose. "I now have the honor to hand you the letter recalling my predecessor and my let-

ter of credence. The President replied:
"Mr. Minister-The friendship which has endured between the United States and the empire of Japan since the conclusion of their first treaty, forty years ago, makes it most agreeable to me to receive from your hands the letter whereby your imperial sovereign accredits you to this government as his Envoy Extraordinary and Minister Plenipotentiary. I welcome the cordial assurances and wishes you express in his Majesty's name and on behalf of your countrymen for a fuller development of the ties of amity that join the two peoples, and for their continued, and, if it be possible, closer intercourse, and I can assure you of the earnest co-operation of myself and my constitutional associates towards these beneficial ends. Succeeding as you do to a long line of illustrious predecessors who have won official sympathy and personal esteem among us, I can bespeak for you, Mr. Minister, no less a share of friendly cordiality than they received, and I am glad to believe that the arge knowledge you have gained of this country and its institutions by your previous residence here will increase your opportunities to further the good relations of our two countries, and to appreciate at their full worth the warm desires we Americans feel for the advancement of Japan in the ways of prosperity and happiness."

GOING TO GRAY GABLES.

President Cleveland May Leave Washington This Morning. WASHINGTON, Aug. 28.-Unless something unexpected intervenes to prevent his departure, it is the present intention of President Cleveland to leave for Gray Gables early to-morrow morning. He will take the 7:20 train on the Pennsylvania railroad, which arrives in Jersey City shortly after noon. The President will be accompanied by Secretary Lamont and Private Secretary Thurber. Colonel Lamont will go only as far as New York, but Mr. Thurber will continue with the President to Gray Gables. It could not be ascertained whether the remainder of the trip from New York would be made as before on the lighthouse tender John D. Rogers or via the Fall River line, as no one would admit at the White House that Mr. Cleve-

## Dr. Price's Baking Powder.

Scientists are devoting closer attention to food products, Recent examinations of baking powders by Prof. Long, Dr. Haines, and Prof. Prescott, were made to determine which powder was the purest, highest in leavening strength, most efficient in service, and most economical in cost. They decide that Dr. Price's Cream Baking Powder excels in all the essentials of an ideal preparation for household use. They write;-

"Chicago, March 28th, 1894. We have purchased in the open market cans of Dr Price's Cream Baking Powder and also of the other leading brands of baking powders, and have submitted them to chemical

analysis. We find that Dr. Price's Cream Baking Powder is a pure cream of tartar powder, that is has a considerably greater leavening strength than any of the other baking

powders we have ever tested. PROF. JOHN H. LONG, Northwestern University, Chicago. DR. WALTER S. HAINES, Rush Medical College, Chicago.

Reindeer in Alaska. WASHINGTON, Aug. 28.-Writing from Teller Reindeer station, Alaska, under date of July 9, Dr. Sharon Jackson, mineral agent for the Bureau of Education in Alaska, says: "Although last winter was more severe in this region than for many years, yet the reindeer herd came out this spring in good condition. One hundred and fifty fawns were born to the herd in May. After leaving the Aleutian islands, we called along the Siberian coast, procuring forty-eight deer, which we safely landed at the station upon our arrival July 3." He adds that the Laps who have been imported to take charge of the reindeer had not arrived, but they were expected daily.

RESOLUTIONS ADOPTED BY THE

NEW YORK STATE DEMOCRACY.

League of American Wheelmen Will Endeavor to Influence Legislation-South Carolina Tillmanites Win.

NEW YORK, Aug. 28.-The New York State Democracy made a declaration of principles to-night at the meeting of its executive committee in Cooper Union. Resolutions were introduced to that effect by Francis M. Scott, who presided, and were considered by some of the most radical to be a straddle. Otto Kempner opposed them and moved a substitute in condemnation of Tammany and pledging firm opposition to any of its candidates. A compromise was effected by Mr. Scott submitting to an amendment to his own resolution to the effect that the New York State Democracy by its plan of organization had precluded itself from entering into any compromise or combination in municipal matters with the faction or party responsible for the existing order of things, from which the city has suffered the past six years. Mr. Kempner also opposed that portion of the resolutions pledging support to the State ticket. He opposed the sending of a contesting delegation to the State convention on the ground that such action would be a recognition of the State machine, which was in sympathy with Tammany Hall. This proposition received but slim support and Mr. Scott's resolutions were carried.

The resolutions did not pledge the organization to the support of a fusion ticket with the Republicans, but expressed an opinion that the organization would unite in electing a Mayor who would give a nonpartisan administration. The Senate tariff act was described as a substantial advance the direction of reform, but President Cleveland, Chairman Wilson and the majority of the House of Representatives were commended for their stand in support of the Wilson bill. The Democratic Congressmen from this city who voted against the measure were denounced, as were the handful of Democratic Senators responsible for the defeat of the original measure. Senator Murphy in particular was severely condemned. The organization placed itself on record as favoring the separation of State and local elections. The constitutional convention was called upon to adopt a provision looking toward that purpose. The constitutional convention was condemned for attempting to gerrymander the State in the interest of the Republicans. Finally the organization put itself on record as in favor of the election of Democratic Governor, State Legislature and Democratic Congressmen from the city, and to the Democracy of the State was pledged the earnest efforts of the or-

WHEELMEN IN POLITICS. Cyclers Will Endeavor to Prevent Ad-

verse Legislation. NEW YORK, Aug. 28.-The League of American Wheelmen has decided to take an active part in politics in the near future. President Luscomb has examined the situation, and in view of the fact that the number of the wheelmen is daily increasing, the demand for improved roads is urgent. The following communication has been sent to the chiefs of the Pennsylvania, New Jersey, Connecticut, Maryland, Missouri, Ilinois and Ohio divisions: "The executive committee of the L. A. W. will shortly take measures for an active campaign for highway improvement and for general State laws preventing villages and cities from enacting special ordinances restricting the rights of wheelmen. As such legislation must be secured in the States, I write to ask if your division will co-operate with the national executive committee in the prosecution of this work. If so, will you advise me as soon as possible whether your Legislature meets this year, and when you elect Senators and Assemblymen. Also, in which direction you deem such work must judious. I am desirous that the league take such active part in the coming fall campaign as will convince representatives in the legislatures that the wheelmen are sufficiently organized and in such strength as to command attention to theor reasona-ble demands for those who make our The circular is signed by Charles H. Carr to Oppose Cullom. CHICAGO, Aug. 28.-Republicans from all parts of Illinois gathered at the Grand Pacific Hotel to-day to attend the meeting of the State committee. The principal bit of information brought to town was that Col. Clarke Carr, of Rockford, ex-minister to Denmark, was a candidate for United States Senator against the present incumbent, Hon. Shelby M. Cullom. Carr was postmaster at Rockford for twenty years and minister to Denmark under President Harrison.

VICTORY FOR TILLMAN.

Most of His Candidates for the Legislature Chosen at Primaries. COLUMBIA, S. C., Aug. 28. - Returns from all over the State indicate that only about a two-thirds vote was polled in the

primary election to-day. The anti-Tillman-ites generally refrained from voting. Tillman carries every county with exception of Charleston, Richland and Sumter, and probably one other. The Legislature will be overwhelmingly for Tillman for United States Senator, insuring Senator Butler's defeat. The Conservatives will likely run an independent ticket at the general election in November, and that will be Butler's only hope of capturing the Legislature. The election was generally quiet.

Texas Republicans. DALLAS, Tex., Aug. 28.-The regular or 'black-and-tan" Republican State convention met here at noon to-day, fully fivesixths of the delegates being negroes. W. F. Crawford, of Milam county, was elected temporary chairman and D. C. Kolb, of Iowa Park, was chosen secretary. A letter was read from Charles Ogden, of San Antonio, to the effect that he would not accept the nomination for Governor. The following are spoken of for places on the State ticket: W. K. Makenson for Governor, R. B. Renfroe for Lieutenant Governor, I. R. meeks for Attorney-general, G. W. Louden for Treasuret, E. Anderson for Commissioner of the Land Office. The convention adjourned until to-morrow afternoon, after appointing the usual committees.

Morton and Platt Confer. NEW YORK, Aug. 28.-After a conference this afternoon between Thomas C. Platt and Levi P. Morton, Mr. Platt stated

that Mr. Morton would make a statement later, within a week. When asked whether Mr. Morton showed any inclination to become the standard-bearer for his party as candidate for Governor of the State, Mr. Platt replied: "I think that he is favorably inclined." Smuggled Whisky Causes a Fight Between Alaskan Red Men.

PORT TOWNSEND, Wash., Aug. 28 .-The steamer City of Topeka brings news from Juneau, Alaska, that a fierce fight occurred at Chilcat last week between Indians who had become drunk on whisky furnished them by smugglers, and that six Indians were killed. Officers have left Juneau to seize the liquor remaining, arrest the smugglers and quiet the Indians. Fears are expressed for the safety of white settlers living near the scene of the trouble.

DEFYING UNCLE SAM.

Mississippi Officials Continue to Issue Paper Money. JACKSON, Miss., Aug. 28.-All that is known here of the United States government's action relative to the Mississippi "special warrant" case is what is contained in this morning's dispatch. A correspondent called on Governor Stone and the Auditor and asked them if they had anything to say on the question, and both replied that they had nothing. They did not appear at all disturbed over the affair, however, and were apparently little surprised at the turn the affair has taken. It is also evident that they intend to pro ceed as heretofore, continue to pay out the special warrants on all claims to the State until the issue of \$200,000 is exhausted. About \$40,000 of the warrants are on hand unused. No officer has yet made his appearance here to arrest any one or to serve any kind of papers on any of the State officers.

Engravers to Be Prosecuted. CHICAGO, Aug. 28.-Pursuant to instructions from Attorney-general Oleny, District Attorney Dixon is preparing to prosecute the Western Bank Note Company for making the plates for the issue of special warrants by the State of Mississippi. The prosecution will be under Section 5430 of the Revised Statutes, which provides that it shall be considered a felony to make an engraving or print in the likeness of any government obligation. The penalty is a fine of not more than \$5,000 or imprison-ment for fifteen years.

Conneilmen Indicted.

NEW ORLEANS, Aug. 28 .- The grand jury, this evening, returned a joint indictment against Councilmen Thomas Haley and Peter B. Caulfield; also an indictment against Alderman Frank B. Thriffiley. The indictments returned to-day are all in connection with the Louisville & Nashville switch privileges. It is alleged that, on May 17 last, Mr. Thriffiley proposed to receive from the super ntendent of the L. & N. railroad the sum of \$7,500 for his influence in passing and voting for an ordinance granting that road certain switch privileges. Haley and Thriffiley are already under indictment, but the above was the first charge brought against Councilman Caulfield.
